- A Google account
- Remote control for the device

Step 1: First-Time Setup

1. Power on your Android TV box.
2. Choose your **language** and **region**.
3. Connect to **Wi-Fi** (or Ethernet if available).
4. Sign in with your **Google account** when prompted.
 - a. If you skip this step, you won't be able to use the Play Store.

Step 2: Access the Home Screen

After setup, you'll be taken to the **Android TV Home Screen**.

1. Navigate to the **Google Play Store** (usually in the main menu).
2. Select and open the **Play Store**.

Step 3: Install Downloader by AFTVnews

1. In the **Play Store**, go to the **Search** option (top or voice search).
2. Type or speak: Downloader
3. Locate **Downloader by AFTVnews** (orange icon).
4. Click **Install** and wait for it to complete.

Step 4: Enable “Unknown Sources” for Downloader

To allow Downloader to install apps:

1. Go back to the **Home Screen**.
2. Open **Settings** (gear icon top-right or under Apps).
3. Scroll to **Device Preferences** or **Security & Restrictions**.

4. Go to **Install unknown apps**.
5. Select **Downloader** and toggle **Allow from this source** to **ON**.

✓ Now Downloader can install APKs directly.

Step 5: Use Downloader to Get the Apps

1. Open the **Downloader** app.
2. In the **URL/Search bar**, type: **87328**

This is a shortcut code that will redirect to a downloads page.

3. Press **Go**.
4. You'll see a list of apps:
 - a. ✓ tiviX
 - b. ✓ Swirl Media
 - c. ✓ Movie Night
5. Click each app one by one and:
 - a. Wait for the APK to download.
 - b. Click **Install** when prompted.
 - c. After each install, press **Done**, not **Open**, to return to Downloader.

Step 6: Clean Up APK Files

To save space:

1. After installing all apps, go back to **Downloader's** main screen.
2. Click **Files** or **Downloads** from the menu (left side).
3. Delete the APKs by selecting them and choosing **Delete**.
4. Confirm deletion when asked.

Done! You Now Have:

- Installed **tiviX**, **Swirl Media**, and **Movie Night**
- Enabled Unknown Sources properly
- Ready to login to the apps using the account we will send you!

Optional Tips:

- You can pin apps to your home screen for easy access.
- Go to **Apps > Customize Channels** to tidy your interface.
- Disable auto-updates if you prefer to manually update sideloaded apps.
